Our professional team are committed to providing reliable, quality care within our residential homes and out in the community with Bramley Home Care.

“The atmosphere is one of a calm, managed, cosy environment. The management work well and proactively with the supporting medical services in the area. She has a beautiful large and recently refurbished room, which is en-suite. There is a beautiful garden which is sheltered and very accessible. I am delighted that I moved my mother there. I feel she is safe and cared for.”

Quoted by Ann about her Mother’s stay at The Old Rectory.

“My mother has been at Bramley House for around four months. During that time nothing has been too much trouble for the staff in their efforts to make her feel at home - and she is more content and ‘well’ now than she has been for quite a few years. Bramley House’s level of care, kindness and attention to detail has impressed me from day one and I feel extremely positive about my mother’s future there.”

Quoted by Brigit about her Mother’s stay at Bramley House.

“... a big thank you for your kindness in caring for us. You were all very professional and competent in all you did for Marjorie and allowed the rest of the family to relax in the knowledge that we had your support.”

Quoted by Val about her Mother’s time with Bramley Home Care.
